

20:20 RE

Practice, Policy and Powerful Knowledge
Saturday 13th – Sunday 14th October 2018, Crewe

Could *YOU* offer a Workshop, Seminar,
Talk or Paper at this Conference?

Four RE professional associations are collaborating to produce an exciting conference on Religious Education and we invite proposals for seminars and workshops. The Association of RE Advisers, Inspectors and Consultants (AREIAC), the Association of University Lecturers in Religion and Education (AULRE), the National Association of SACREs (NASACRE) and the National Association of Teachers of RE (NATRE) are working together at a time of crucial change, development and opportunity for RE.

The conference organisers warmly invite your proposals for a practical workshop, academic seminar, or talk, in one of the breakout sessions. We will consider all proposals and reserve the right to accept, reject or combine proposals where appropriate.
